

# IMPORTANT INFORMATION

**Note!** Please visit **www.jeld-wen.com** for additional resources and complete instructions. We have How-To videos and written Product Guides available for most products. Contact us for more information.

#### INCLUDED PARTS

• (2) Take out clips

## SIDE LOAD TAKE OUT CLIP REPLACEMENT

- 1. Locate the old take out clip in the side jamb. If missing, look for the open slots and skip to the new clip installation.
- 2. Pry the bottom of the clip into the extended position.

3. Using a flat head screwdriver, pry the top of the clip from the slot until it pops out. Remove the clip from the bottom slot.

#### PRECAUTIONS AND SAFETY

• Use proper and safe equipment and protective gear as necessary.

### NEEDED TOOLS

• Flat head screwdriver

#### NEW CLIP INSTALLATION

- 1. Position the new clip in the orientation shown.
- 2. Place the rounded end in the bottom slot and then push the top into the top slot until fully seated in the side jamb.

Correctly installed
